Changes in Solid Waste Management

Phoenix Public Works Director Shares His Experiences

John Trujillo may be the only public works director of a major metropolis who boasts a stint mining turquoise and gold. He's learned a lot in a career that spans managing small town landfills to leading waste operations for all of Phoenix.

[Read John's useful advice.](#)

Disruption Underfoot in the Energy Industry Utilities and Businesses Join Forces to Shape the Future

Business models are changing for energy distribution and sourcing. Mixing renewables into the larger national grid provides new solutions for getting the power you need, crafted to your particular usage, when you need it.

What is Everyone Doing on the Cell Phone?

Infographic Picture Worth a Thousand Words

Wireless customers can now access more content on their phones at faster speeds than ever before. But what exactly are they doing on their phones, how much data are they chewing through and which networks are they using to do it?

[See what's happening.](#)

Back-to-school Language Fun Idioms that Defy Translation

In English we are cautioned that "There's no use crying over spilt milk." In France they say, "The carrots are cooked." Travel the world and read these quirky idioms that will make you laugh!
